Start has **NO** network restrictions.

Having no networks **is the biggest network of all**—every healthcare professional—anywhere. Members still receive coverage while travelling, even internationally.

Start is an excellent option for:

- » Small Business Owners
- » Independent Contractors
- » Professionals, including doctors, dentists, financial planners, accountants, realtors, etc.
- » Really, anyone who is healthy and overpaying for health insurance and wants to save

## Want to see change?

Become an appointed “Starter” broker at [starthealth.com/broker](https://starthealth.com/broker).

1. If you are an independent broker, fill out the three forms on our website, then email them to [fshepherd@starthealth.com](mailto:fshepherd@starthealth.com).
2. If you are a broker working through a brokerage that has been set up with us, you only need to fill out the agent agreement form and email it to [fshepherd@motivhealth.com](mailto:fshepherd@motivhealth.com).
4. You will receive a confirmation email once your paperwork has been processed.

## faq

### How does the Start model work?

Each covered procedure is associated with a set reimbursable amount (**Start Reimbursement Rate**). Members search for procedures and reimbursement rates in our portal, schedule appointments, then cash-pay for services using their Start Card. Members upload an itemized receipt to the Start app, then receive speedy reimbursement after their deductible is met. **Start grants access to cash-pay discounts without loss of coverage.** It is the only reimbursement model compatible with HSAs. Start features a **fully integrated HSA investment platform**.

### What's in it for me?

Not only will Start allow you to become part of the health insurance reformation, but you will receive \$20 PMPM in perpetuity—up to 4 per family.
